President's Letter

Hello Everybody,

My Message this month might be a little short. I just sat down to write it and my computer keyboard is acting up, so I'm writing it on my tablet, one letter at a time.

First, I want to mention our car show which, as you know, was last Saturday. I'm sure that each of our members who was able to went to the show, so you know that it was a really good car show. We had a nice, varied, collection of cars, a large number of people who came up to see them, and even the weather was nice. Great day!

Mike Clark was our Show Chairman, and boy, did he do a great job. Among the many things that he did to put our show together, two that stood out for me were the dozens of raffle prizes that he obtained from local businesses, and all of the help which he got from

you, our members. So, not only do I want to thank him on behalf of all of our members, but I also want to thank everyone who helped put this show together.

While I'm passing out kudos I also want to thank our board members for all that they do to keep the club running smoothly, and I especially want to thank Craig Haberler for his good job as Tour Chairman. Last month we had a beautiful trip up to Mormon Lake and the Lodge there. In a couple of weeks we're going on another beautiful drive Craig has arranged, up into the forest again and we'll probably see some fall colors. Be sure to sign up to join us. There is more information about this drive in this issue.

I'm sorry, but I will not be at the October General meeting, but you go and enjoy the fellowship of your friends.

David Lombardi
President

October Guest Speaker

Rob Fafrowicz - All in the Polish Detailing, Camp Verde

Rob will talk about their auto detailing and paint correction services and products. Some years ago, "The 2 Robs" were invited as part of a select group of professional detailers to restore the finish of the old Air Force One (707 jet), a very special aircraft that was in service for many years before its relocation to the Boeing Museum in Seattle, WA. He will share progress photos from this project that they were honored to help with.

Seeking Your Assistance

I am a car club member and also Board President of the Sedona Community Food Bank. The main food bank fundraiser for the year is selling See's Candy in our candy wagon for Thanksgiving, Christmas, Valentine's Day, and Easter and is located in the Bashas' Shopping Center. We are looking for a volunteer, preferably someone who lives in West Sedona, to check the oil and add gas in the generator once a week and the house batteries that get charged by the solar panels once a month when the wagon is open and usually just in the warm weather. So, maybe two weeks in November, two in December, two in February and two in April. There might be an instance when an emergency visit is needed. The converted RV has a brand new Onan 4KW generator.

Please contact me if you might be able to help us out. Training is available and there might be candy in your future.

Thank you kindly.
